INTERNATIONAL SOCIAL SECURITY ASSOCIATION

Section on Machine and System Safety

Publications

The following publications are available at:

International Section Machine and System Safety of the ISSA

Dynamostrasse 7 - 11

D - 68165 Mannheim

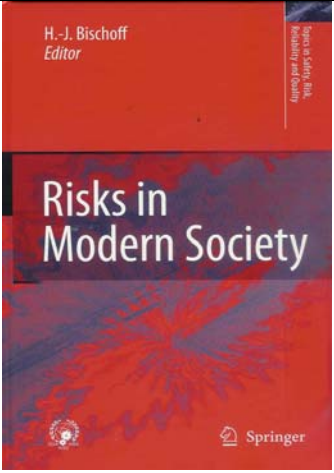

Tel.: +49 (0)621 4456 - 2213

Fax: +49 (0)621 4456 - 2190

Pos	Title	Language	Pages	Price €
1	Safety of Machinery - A Guide to European Legislation and Standards Loose-leaf-edition with annual supplements, 1993 CD-ROM 1998, Publisher: Section Machine Safety and DIN 2 supplements in 2007	E, G		available at: Beuth-Verlag Berlin Fax +49 (0)30/2601-1724
2	Guide for the design of automatic industrial systems. Part I: Description of hazards and protective measures, Brochure, 1988	E, G, F, S	44 p	15,00
3	Guide for the design of automatic industrial systems. Part II: System Stops/Selection and characteristics of safety devices/Education and training, Brochure, 1989	E, G, F, S	30 p	15,00
4	Mechanical hazards prevention - practical solutions, Brochure, 1994 New edition, 2009	G, F	92 p	15,00
5	Checklist for the classification of machines according to ergonomic principles Brochure, 1991, New edition in 1994	G	20 p	15,00
6	Dust explosions: Rules for dust explosion protection for machines and equipment - preventive	E, G, F, S	50 p	15,00

Pos	Title	Language	Pages	Price €
	and constructional measures Brochure, 1987 New edition 1998 New English edition 2004			
7	Dust explosions: Collection of examples for the brochure "dust explosion protection for machines and equipment" Loose-leaf-edition, 1990	G, E, F	16 p	10,00
8	Dust explosions: Continuous conveyors (Continuation of the collection of examples) 1992	E, G, F	8 p	10,00
9	Dust explosions: Dryers (Continuation of the collection of examples) 1998	E, G	17 p	10,00
10	Dust explosions: Explosion suppression Loose-leaf-edition, 1991	E, G, F	12 p	10,00
11)	Dust explosions: Determination of burning and explosion characteristics of dusts Brochure, 1996	E, G	34 p	10,00
12)	Practical assistance for the preparation of an explosion protection document Brochure, 2006	E, G, F	45 p	15,00
13	Complete offer: positions 6 to 12 with ring binder			50,00
14	Safety switching installations: Rules concerning the construction and equipment of safety switching systems for industrial systems with an automatic function Brochure, 1987	E, G, F, S	15 p	10,00
15	Safety switching installations: Rules on two-handed switching installations Brochure, 1981	E, G, F, S	64 p	10,00
16	Safety switching installations: Rules on construction and outfitting of non-contact safety devices Brochure, 1980	E, G, F, S	48 p	10,00
17)	Control Devices: Switching facilities Brochure, 1993 New edition 2003	E, G, F	16 p	10,00
18)	Control Devices Protective equipments for machines - safety-related criteria Brochure, 1999 New edition 2006	G, F	24 p	10,00

Pos	Title	Language	Pages	Price €
19	Control Devices Communication Man - Machine Brochure, 1999	G	26 p	10,00
20	Computers in machinery safety Brochure, 2002	G	30 p	10,00
21	Ergonomics: Complex review of ergonomic problems in the work system Brochure, 1987	D, E, F, S	40 p	10,00
22	Noise reduction: Rules for the reduction of sound propagation Brochure, 1982	E, G, F, S	88 p	10,00
23	Purchase of a safe machine - practical procedure - Brochure, 1999	G, F	35 p	10,00
24	Assess your accident risk yourself! Risk evaluation at the workplace Brochure, 2000	G, F	35 p	10,00
25	Process technology: Smoking processes Investigation of risks and protective measures Brochure, 1997	G	34 p	10,00
26	Bulletin "Opinions-Experiences- Research in the field of Machine Safety", Theme: Method of risk analysis to a number of different types of rolling machines, 1985/86	E, G, F, S	100 p	20,00
27	Proceedings of the 8th International Colloquium Theme: Conference 2000:Future - Work - Prevention. What can risk management contribute? Lucerne, 2000	Original language with summaries in E, G	286 p	20,00
28	Proceedings of the 7th International Colloquium Theme: Machine and System Safety. Current Developements in European Regulations, Rome, 1996	G	210 p	20,00
29	Proceedings of the 6th International Colloquium Theme: Machine Safety in the European Community - prospects and challenges within and outside the EC, Aachen, 1992	Original language with summaries in E, G	300 p	20,00
30	Proceedings of the 5th International Colloquium Themes: Risks associated with new technics and technologies,	Original language with summaries in E, G	304 p	15,00

Pos	Title	Language	Pages	Price €
	Friedrichshafen, 1988			
31	Proceedings of the 4th International Colloquium Theme: Fault clearance and maintenance of machines. A problem of industrial safety and profitability, Vienna, 1984	Original language with summaries in E, G	310 p	15,00
32	Proceedings of the International Colloquium XIIth World Congress on Occupational Safety and Health, Theme: Safety working with automated systems, Hamburg, 1990	Original language with summaries in E, G	300 p	15,00
33	 <p>http://www.springer.com/engineering/mechanical+eng/book/978-1-4020-8288-7 Please order directly at Springer</p> <p>New: Summary is available at the Section in German and English as pdf-file for a price of 10,- €</p>			
34)	Programmable Safety Control Equipment „S-PLC“ – Application of Safety Control Systems to Perform Safety Functions	G, E, F only available as pdf	55 p	10,00

***) Available as pdf-file for downloading at:**
www.iapa.ca/Catalog/ProductSearch.aspx

Please send all orders in written form with indication of Pos-No. and title of the brochure.

Up-dated: Nov. 9th, 2009
